Subject: New Notice - Western Utah Copper - WUCC-Palladon Copper - S/001/067

We received a new notice on March 9th. However, because there were complications in how they wanted to permit this site, I had to talk to the lead (who was out of town until today) before I could record this and send you the information.

The new proposed site is located on private land in:
NE1/4 NW1/4 of Section 7, Township 27 South, Range 11 West.

He shows the UTM's as 314,220 E - 4,261,570 N.

I will put a copy in the building mail for your review.

Your 10-day turnaround is very much appreciated. We need to respond to him by March 24th - so that is exactly the 10 days you need.

Thank you.

Joelle
